

THE ADVANTAGES OF THE

BODYFENCE FILM RANGE

Whatever the season, the roads are sometimes loaded with gravels, that can become projectiles and damage the bodywork of your vehicle.

Who has never kept his distance from the vehicle in front in order to avoid damage to his vehicle?

When a scratch damages your paintwork, the **BODYFENCE** protective film will regenerate itself with the heat of the sun or with hot water.

Scratches appear on the bodywork when using automatic car washes with rollers or brushes, when rubbing against shrubs by the roadside, when the vehicle is used regularly or in the event of vandalism.

All these scratches will disappear from the **BODYFENCE** protection film at room temperature or through a heat source (sun, simply rinsing with hot water). Your original paintwork is preserved...

Just like the first day!

The protective films in the **BODYFENCE** range have a non-stick agent in their compound.

As a result, dust and dirt will cling much less to your bodywork. Cleaning will be less frequent and much easier.

The protective films in the **BODYFENCE** range are perfectly clear films: they protect the bodywork without altering its appearance. These films are available in gloss, matt or satin finish.

The matte and satin versions will allow you to protect matt paintwork or to change the appearance of your bodywork.

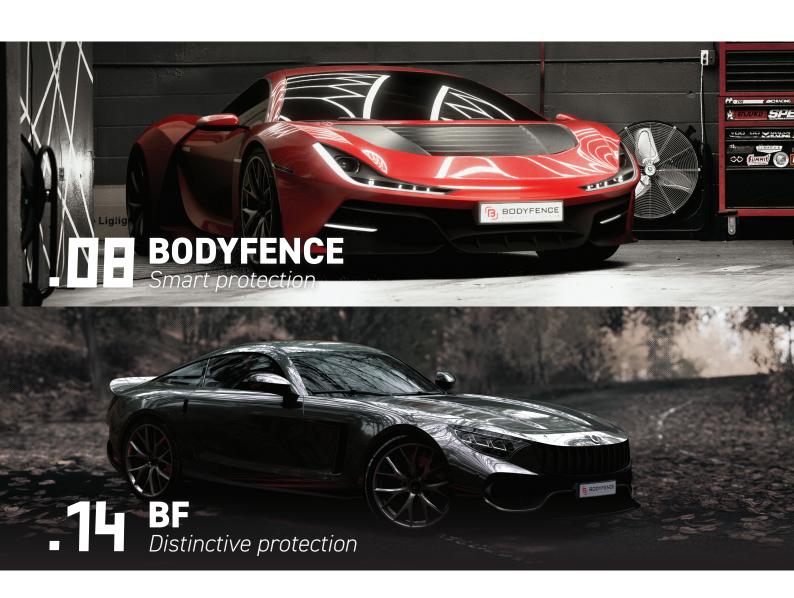

STEP INTO THE WORLD OF

PAINT PROTECTION SOLUTIONS FROM HEXIS

BODYFENCEX Gloss BODYFENCEM Matt BODYFENCES Satin TREAT YOUR CAR TO A SECOND SKIN!

ECUT SOLUTION

BODYFENCE CORNER

an innovative concept

BODYFENCE CORNER

is a workshop designed specifically for the application of paint protection film

WHAT ARE THE BENEFITS OF A BODYFENCE CORNER?

BODYFENCE CORNER is not just a name, it's an entire work philosophy, supported by professionals who will provide you with the necessary tools for your shop.

- Discounts on materials and accessories
 - Listing on our website
- Communication tools reserved for the network
 - Access to a special catalogue
 - Free further training
 - Featured on social networks
 - Support for trade fairs and events

HOW DO I OPEN A BODYFENCE CORNER?

.01 FOLLOW THE TRAINING PROGRAMME

You must have attended at least one **BODYFENCE** training session.

.02 GET CERTIFIED

Once training is over, apply for certification online. The purpose of the certification is to validate your technical knowledge and skills.

. COMPLY WITH THE CRITERIA FOR OPENING

Finally, to open a **BODYFENCE CORNER**, you must:

- Comply with the graphics charter
- Apply the specifications
- Master the application techniques
